

# Non woven pads

## NON WOVEN PADS

Non-woven fabric consisting of nylon fibers impregnated with synthetic resin and abrasive grains. Ideal for finishing, polishing and cleaning of metals in general, it perfectly fits to the parts to be treated. It does not remove any material but it just refinishes the surfaces, therefore it does not change the structure of the treated parts.

### NON WOVEN ABRASIVE ROLLS

DIMENSION*	GRITS*	QUANTITY
115X10000 mm	Medium	1
115X10000 mm	Fine	1
115X10000 mm	Veri-fine	1
115X10000 mm	Ultra-fine	1

### NON WOVEN ABRASIVE PADS

DIMENSION*	GRITS*	QUANTITY
120x280 mm	Medium	100
120x280 mm	Fine	100
120x280 mm	Veri-fine	100
120x280 mm	Ultra-fine	100

### NON WOVEN ABRASIVE DISCS

DIMENSION*	GRITS*	QUANTITY
150 mm	Medium	100
150 mm	Fine	100
150 mm	Veri-fine	100
150 mm	Ultra-fine	100
200 mm	Medium	100
200 mm	Fine	100
200 mm	Veri-fine	100
200 mm	Ultra-fine	100

### NON WOVEN ABRASIVE PADS

DIMENSION*	GRITS*	QUANTITY
100x100x25/30 mm	Medium	5
100x100x25/30 mm	Fine	5
100x100x25/30 mm	Veri-fine	5

\* Any other size of grits is available upon request.
